SUMMARY

Computer Science undergraduate specializing in Python development, with experience in building web applications using Flask and MySQL. Skilled in designing backend logic, handling databases, and creating responsive user interfaces through real-world projects.

SKILLS

Technological Skills:

- **Backend:** Python, C, JavaScript
- **Web:** HTML, CSS
- **Database:** SQL
- **Frameworks**: Flask
- **Subjects**: DBMS, DSA, OS

Soft Skills:

- Leadership & Initiative
- Communication
- Team Work
- Time Management
- Problem Solving

ACADEMIC PROJECTS

Personal Portfolio Website:

- Built and deployed a responsive web application, improving cross-device accessibility and reducing load time by 20%.
- **Technologies Used: HTML**, **CSS**, **JavaScript**
- Features**:** Responsive Design, Light/Dark Theme Support, smooth animations for interactive, engaging navigation
- Integrated resume download and contact form (Web3Forms API), and hosted the project on Vercel for easy public access and professional engagement. (URL: https://portfolio-arpan-snowy.vercel.app)

Parking Management System:

- Developed a smart parking management system to handle 2/4/6-wheeler vehicle entries and exits with precise timestamp logs, ensuring smooth and accurate tracking.
- **Technologies Used: Python**, **Flask**, **HTML**, **CSS**, **JavaScript** & **SQL**
- **Features:** Vehicle entry logging by type (2/4/6 wheeler), ticket generation with unique IDs, automatic time tracking, parking charge calculation, record storage for future reference, user-friendly dashboard, and responsive design for cross-device access.
- Integrated SQL database with Flask backend for secure data handling and reliable retrieval of past records.

INTERNSHIP

- **Web Development with HTML, CSS, and JavaScript (ApexPlanet, 1.5 months)**
  - Built and deployed a fully responsive web application using **HTML**, **CSS**, and **JavaScript**, ensuring optimized performance and cross-browser compatibility.
  - Implemented **advanced styling**, **dynamic interactions**, and **project-level optimizations**, improving usability, **load speed**, and **mobile responsiveness**.
  - **Certificate URL:** drive.google.com/file/d/1c8Nk7nCOFKnyx0Np87-HCtg_O1MumXwq/view
  - **Verification URL:** apexplanet.in/internship/verify/certificate/validate/APSPL2514439

ACHIEVEMENT

- **GATE 2026 Qualified (Data Science & AI)**
  Score: 450 | **AIR:** 4134
